## TECHNICAL DATASHEET TROLLEY “PORTER” FOR ELECTRIC SPRAYERS

### “20CPE”

The trolley for electric sprayers “PORTER” can be used with all the 3 models of electric sprayers:

- 10PTELIT Elettrolithium with 15lt tank
- 19VBE Elektron with 12lt tank
- 20VBE E-Pro16: Elektron Professional with 16lt tank

thanks to the 3 mounting brackets, each one specific for a different model of sprayer. It is equipped with stable wheels suitable also for use on rough terrains, and with a comfortable hose reel bracket.

It is made in varnished steel, equipped with an assembly kit, easy to assemble, stable, but lightweight.

The trolley is also designed to carry the herbicide bar (optional).

Dimensions of the package: 565 x 395 x 1000 mm

**IMPORTANT: PLEASE CAREFULLY FOLLOW THE INDICATIONS FOR USE AND MAINTENANCE, REPORTED ON USER’S MANUAL.**
